About the Conference

The Asia Pacific Regional Rotaract Conference (APRRC) is a regional Rotaract event organised annually and engages Rotaractors from the Asia Pacific region. It was first inaugurated in 2004 by Rotaractors from Rotary International District 3540 and the first Conference was held in Hong Kong. Thus far, the Conference has already been held in Taiwan, the Philippines, Malaysia, Indonesia, Singapore, Australia, Thailand and Japan.

Singapore winning bid to host

On 18 June 2022, Rotary International District 3310 was awarded the rights to host the 20th Asia Pacific Regional Rotaract Conference (APRRC) in Singapore from 1 to 4 June 2024, by the Asia Pacific Rotaract Asia Pacific Rotaract Multi-District Information Organization (MDIO), following a vote of approval during the MDIO Leaders' Meeting, held on 9 May 2022.

The last time the Conference was held in Singapore was in 2009, with it being the 6th edition. In 2024, it will mark 15 years since the Conference was held in Singapore as well as 20 years since the Conference was first inaugurated, back in 2004.

Singapore Tourism Board is with us!

The Singapore Exhibition & Convention Bureau (SECB), a group of the Singapore Tourism Board (STB) is pleased to support the Asia Pacific Rotaract Multi-District Information Organisation (MDIO) and Raffles City Rotaract Club on hosting the Asia Pacific Regional Rotaract Conference (APRRC) 2024.

2024 will be an exciting year for Singapore as the Republic will be hosting numerous World Congresses including Rotary International (RI) Convention. 25,000 Rotarians from around the world will converge on Singapore in June to connect, engage and share insights on how to create positive, lasting change in their communities. Rotaractors would have the opportunity to engage senior leaders among the Rotarian communities should APRRC 2024 take place strategically close to the RI Convention 2024.
